Passionate Full-Stack Developer expanding expertise in HTML, CSS, JavaScript, React.js, Node.js.

Professional Experience

Amity Incubator Web Developer (Internship)

We have a task to create a form page of amity incubator.

- In this project, I used HTML, CSS, and JavaScript to create a multi-page form where users can navigate between various sections. The form includes functionality for users to attach and submit their documents. The project is available on my GitHub account, where anyone can review the code and explore the Features.

Eos Globe
Custom Care Executive

I work in the Tata1mg process, which is operated by EOS Globe, as a Customer Care Executive.

- I work in the customer support process at Tata1mg, a medical-based company that delivers medicines and provides at-home tests. As part of my role, I assist customers if any issues arise with deliveries, bookings, or test samples.
